**Notice on Item Number Changes:** This price list uses USANA's new item number protocol. To accommodate the company's worldwide growth and to simplify the use of item numbers for our customers and sales Associates throughout the world, we have implemented three-digit numbers for ordering all products. Although item numbers have changed, please be assured that the products themselves are the same quality items you are accustomed to receiving. In fact, because of existing inventories of finished goods or pre-printed labels, you may receive product with the old item numbers for a short time when ordering items with the new numbers. If you have any questions regarding these changes, please feel free to ask your Distributor Services representative.
